

ICE uses data from FLOCK cameras to plan their raids and kidnappings.

FLOCK collects this type of surveillance data right here in our very own Berkeley neighborhoods.

BPD and the City are currently negotiating **new** contracts for more FLOCK cameras to **increase surveillance** and put us at risk.

Tell your City Council member you **do not want** to expand the surveillance state. **No more resources to help ICE and the fascist regime.**

NO MORE FLOCK CONTRACTS.
