

GET THE FLOCK OUT!

FLOCK is a surveillance and data company that profits from leasing video cameras to law enforcement agencies across the US.

AI enabled mass surveillance from Flock tracks every vehicle and pedestrian who passes by, 24/7, without warrant or cause.

ICE & DHS use Flock's nationwide surveillance network to target innocent immigrants across state lines and surveil protestors.

POLICE & City Council are ready to sell us out for unsupported claims of crime reduction from a company that repeatedly violates CA sanctuary laws and our constitutional rights.

Tell your City Council member you **do not want** to expand the surveillance state.

NO MORE FLOCK CONTRACTS.

Email them at council@berkeleyca.gov
